THE QVT-102™ TERMINAL

Qume
A Subsidiary of ITT
QVT-102
The Price-Performance Leader.

Qume's new QVT 102 CRT terminal has all the features of the ADDS Viewpoint, Hazeltine 1500, Lear Siegler ADM 3A/5, and Televideo 910, and emulates any of these terminals by simple menu selection. Features found in higher-priced terminals are standard, including block and conversational modes, local editing, 25th status line, menu set-up mode, and screen content printing.

The QVT 102 takes up minimal workspace and is designed to please the operator. Its non-glare green or amber screen minimizes eye strain with a big 9 x 12 character cell. The screen tilts and swivels for perfect viewing, and the low-profile keyboard is detached to allow placement for ideal reach and hand-rest position.

Sophistication. Comfort. And affordable price. Qume's Model 102 terminal is easily the smartest choice in its class. Features include:
